Since its first publication in 1960, this famous work by Yusuf al-Qaradawi has enjoyed a huge readership in the Muslim world, and has been translated into many languages. It dispels the ambiguities surrounding the Shar?‘ah to fulfil the essential needs of the Muslims in this age. It clarifies the ?al?l (lawful) and why it is ?al?l, and the ?ar?m (prohibited) and why it is ?ar?m, referring to the Qur’an and the Sunnah of the Prophet. It answers questions which may face the Muslims today, and refutes the ambiguities and lies about Islam. Dr al-Qaradawi delves into the authentic references in Islamic jurisprudence, extracting judgements of interest to contemporary Muslims in the areas of worship, business dealings, family life, food and drink, dress and ornaments, patterns of behaviour, individual and group relations, family and social ethics, habits and social customs.

Bhupen Patel has conducted many undercover operations over the course of his career. He's exposed all sorts of rackets, from mental asylums admitting patients without proper medical examinations to discovering an illegal network of agents that arrange 'temporary' wives for Arab men looking to have a short fling. This book recounts in detail some of his most dramatic and hard-hitting stings. Patel takes us through the entire process of a sting and reveals the amount of hard work it takes to not just uncover a story that requires further discreet investigation but also gather enough evidence to bring it to the notice of the public and authorities concerned. Each account will keep you on the edge of your seat and allow a glimpse into the life of an investigative journalist.

The unfortunate reality is that Christians are separating and divorcing at the same rate as the unbelieving world. But does separation have to mean the end? You may not feel like reconciling. You may not see hope for a reunion. But the biblical ideal for a separated couple is reconciliation. So how do you do it? When doors slam and angry words fly, when things just aren't working out, and even when your spouse has abandoned your trust, there is hope. Hope for the Separated will show you through God's Word that your marriage can be restored. Recognizing that restoration will not happen for everyone, Dr. Chapman also gives insightful advice for those who experience the pain of divorce.

The instant New York Times bestseller and publishing phenomenon: Marina Keegan’s posthumous collection of award-winning essays and stories “sparkles with talent, humanity, and youth” (O, The Oprah Magazine). Marina Keegan’s star was on the rise when she graduated magna cum laude from Yale in May 2012. She had a play that was to be produced at the New York Fringe Festival and a job waiting for her at The New Yorker. Tragically, five days after graduation, Marina died in a car crash. Marina left behind a rich, deeply expansive trove of writing that, like her title essay, captures the hope, uncertainty, and possibility of her generation. Her short story “Cold Pastoral” was published on NewYorker.com. Her essay “Even Artichokes Have Doubts” was excerpted in the Financial Times, and her book was the focus of a Nicholas Kristof column in The New York Times. Millions of her contemporaries have responded to her work on social media. As Marina wrote: “We can still do anything. We can change our minds. We can start over…We’re so young. We can’t, we MUST not lose this sense of possibility because in the end, it’s all we have.” The Opposite of Loneliness is an unforgettable collection of Marina’s essays and stories that articulates the universal struggle all of us face as we figure out what we aspire to be and how we can harness our talents to impact the world. “How do you mourn the loss of a fiery talent that was barely a tendril before it was snuffed out? Answer: Read this book. A clear-eyed observer of human nature, Keegan could take a clever idea...and make it something beautiful” (People).

John Bergsma’s popular Bible Basics for Catholics, which has sold more than 60,000 copies, offers readers an accessible vision of salvation history as it unfolds in the Bible, showing readers how the Bible points us to the saving life and work of Jesus. This new edition includes an additional chapter on covenant fulfillment in the Book of Revelation. Bergsma brings to his theology a combination of academic expertise, pastoral wisdom, and unique playfulness. Bible Basics for Catholics is based on Bergsma’s popular Introduction to Theology course at Steubenville. As a teacher, Bergsma has an uncanny ability to make complex ideas understandable and faith-inspiring while staying true to both Catholic teaching and biblical scholarship. Readers will begin to see the Christian understanding of salvation by walking through the Old Testament, going through the great stories of Adam and Eve, Noah, Abraham, Moses, the great kings and prophets of Israel, and culminating in the person and work of Jesus Christ.

Sir Muhammad Iqbal (1873-1938) was not only amongst the leading political figures of his time, but regarded by many as the spiritual father of Pakistan and a great champion of the reform movement of modern Islam. He was also a poet, in both Urdu and Persian. The recurrent theme of his poems is the infinite potentiality of man, as partner with God in shaping the destiny of the universe. As an ardent Muslim, Iqbal saw the realization of mankind’s future in a union of Islamic peoples, unfettered by the bonds of separate nationhood, fully liberated from the chains of imperial domination. The Javid-nama, commonly acknowledged as his greatest work, develops this theme within the frame-work of the ‘Ascension’ story. In imitation of the Prophet of Islam, the poet soars through the spheres, encountering on his heavenly journey many great figures of history with whom he converses. The resemblance to Dante’s Divine Comedy is obvious.

This book highlights the facts that were not known before the turn of the 20th century, and have just started to be understood within the framework of the recently introduced theory of landforms and plate tectonics. These point only to a single aspect of the miraculous nature of the Qur'an, namely its scientific notions. Among an endless list of evidences that go far beyond the scope of this publication, such explicit, precise and comprehensive scientific statements provide an eloquent testimony to the belief that the Qur'an is the Word of the Creator. Hence, it is the basic source of Divine guidance to man, at a time when all previous revelations have either been lost or distorted.
