Choosing Death: The Improbable History of Death Metal ...

Product Information. In 1986, the idea that death metal and grindcore would ever impact popular culture was unimaginable. Initially circulated through a scattered tape-trading network of underground thrill-seekers, bands rose from every corner of the globe and death metal and grindcore spread faster than a pandemic plague of undead flesh-eaters. By 1994, the genre's most prominent labels had sold millions of albums.

Choosing Death : The Improbable History of Death Metal and ...

Choosing Death: The Improbable History of Death Metal & Grindcore examines the rise, fall, and resurrection of death metal and grindcore through the eyes and ringing ears of the artists, producers and label owners who propeled the movements. ¶I thought of death metal and grindcore as a return to a more extreme punk,¶ writes the BBC's John Peel in his foreword.

Decibel magazine is regarded as the best extreme music magazine around. Precious Metal gathers pieces from Decibel's most popular feature, the monthly □Hall of Fame□ which documents the making of landmark metal albums via candid, hilarious, and fascinating interviews with every participating band member. Decibel's editor-in-chief Albert Mudrian, has selected and expanded the best of these features, creating a definitive collection of stories behind the greatest extreme metal albums of all time. Black Sabbath's Heaven and Hell \* Diamond Head's Lightning to the Nations \* Slayer's Reign in Blood \* Napalm Death's Scum \* Repulsion's Horrified \* Morbid Angel's Altars of Madness \* Obituary's Cause of Death \* Entombed's Left Hand Path \* Paradise Lost's Gothic \* Carcass' Necroticism- Descanting the Insalubrious \* Cannibal Corpse's Tomb of the Mutilated \* Eyehategod's Take as Needed for Pain \* Darkthrone's Transilvanian Hunger \* Kyuss's Welcome to Sky Valley \* Meshuggah's Destroy Erase Improve \* Monster Magnet's Dopes to Infinity \* At the Gates' Slaughter of the Soul \* Opeth's Orchid \* Down's NOLA \* Emperor's In the Nightside Eclipse \* Sleep's Jerusalem \* The Dillinger Escape Plan's Calculating Infinity \* Botch's We Are the Romans \* Converge's Jane Doe

SUPERANNO Since the late 1980s, Sweden has produced over a thousand extreme heavy metal bands, spawning an unrivalled and respected regional music scene. Improbably, this marginalized teen movement crawled from small towns and suburbs to find its lasting place on the world stage. Combining personal accounts and in-depth research, the epic tale of Swedens most lethal cultural export arrives in full enlightening detail. Starred review, Publishers Weekly. Book of the Year, Decibel Magazine.Original.

Revered former Metal Maniacs editor Jeff Wagner analyses the heady side of metal in this exhaustive narrative history of a relentlessly ambitious musical subculture. Beginning with the hugely influential mid-1970s efforts of progressive rock acts Rush and King Crimson, Wagner unfurls a vast colourful tapestry of sounds and styles, from the 'Big 3' of Queensryche, Fates Warning and Dream Theater to the extreme prog pioneers Voivod, Watchtower, Celtic Frost and others.

Black metal juggernaut Desekration stand poised to record their forthcoming masterwork ... once David and Svart get a few more dudes to join the band. Book Two of The Death Metal Epic finds David Fosberg living his rock and roll fantasy. Which means drinking every day and sleeping on Svart's couch. His mom's couch. Svart lives at home. David has left Miami behind. Left the Bard behind. And joined forces with Svart, a brutish nekrowarrior who only listens to, like, Celtic Frost, Destruction, and Bathory. The early stuff. As Desekration start to record InfernO, David's bandmates rail on about the mystic power of something they call -The Goat Song.- And what they'll sacrifice to play it.

The definitive history of the first 30 years of heavy metal, containing over 100 interviews with members of Black Sabbath, Metallica, Judas Priest, Twisted Sister, Slipknot, Kiss, Megadeth, Public Enemy, Napalm Death, and more. More than 30 years after Black Sabbath released the first complete heavy metal album, its founder, Ozzy Osbourne, is the star of The Osbournes, TV's favourite new reality show. Contrary to popular belief, headbangers and the music they love are more alive than ever. Yet there has never been a comprehensive book on the history of heavy metal - until now. Featuring interviews with members of the biggest bands in the genre, Sound of the Beast gives an overview of the past 30-plus years of heavy metal, delving into the personalities of those who created it. Everything is here, from the bootlegging beginnings of fans like Lars Ulrich (future founder of Metallica) to the sold-out stadiums and personal excesses of the biggest groups. From heavy metal's roots in the work of breakthrough groups such as Black Sabbath and Led Zeppelin to MTV hair metal, courtroom controversies, black metal murderers and Ozzfest, Sound of the Beast offers the final word on this elusive, extreme, and far-reaching form of music.

Combines hundreds of unseen early Hellhammer and Celtic Frost photos with a vast treasure trove of artwork and memorabilia. A substantial written component by Fischer details his upbringing on the outskirts of Zurich and the hardships and triumphs he faced bringing his groundbreaking death metal bands Hellhammer and Celtic Frost to reality. In addition, the book includes an introduction by Nocturno Culto of Norwegian black metal act Darkthrone and a foreword by noted British author Joel McIver.

In the early 1990s, Swedish death metal revolutionized the international music scene. Suddenly, the mild-mannered Scandinavian country found itself at the

forefront of a new movement with worldwide impact thanks to bands such as Entombed, Dismember, and At the Gates. The birth of black metal drove the culture to even greater extremes, featuring a rawer, darker sound and non-ironic death-worship. Soon churches in both Norway and Sweden were aflame, and before long Satanism emerged as more than just an image. But how did it all start? Why did Sweden become a hotbed for such aggressive, nihilistic music? And who are the people and bands that brought it all about? *Blood, Fire, Death: A Swedish Metal Story* recounts the evolution of the genre from the massive amplifier walls of 1970s rock, through the church-burning Satanic 1990s, to the diverse and paradoxical manifestations of the scene today. This book focuses on the phenomena that have propelled the scene forward in an evolution that has not only been musical, but aesthetic and ideological as well. This is a story about grotesque logos and icons that invoke death and darkness, but also a story of dedication, friendship, community, and a profound love for music.

'Absolutely hilarious' - Neil Gaiman 'One of the funniest musical commentators that you will ever read . . . loud and thoroughly engrossing' - Alan Moore 'A man on a righteous mission to persuade people to "lay down your souls to the gods rock and roll".' - The Sunday Times 'As funny and preposterous as this mighty music deserve' - John Higgs The history of heavy metal brings us extraordinary stories of larger-than-life characters living to excess, from the household names of Ozzy Osbourne, Lemmy, Bruce Dickinson and Metallica (*SIT DOWN, LARS!*), to the brutal notoriety of the underground Norwegian black metal scene and the New Wave Of British Heavy Metal. It is the story of a worldwide network of rabid fans escaping everyday mundanity through music, of cut-throat corporate arseholes ripping off those fans and the bands they worship to line their pockets. The expansive pantheon of heavy metal musicians includes junkies, Satanists and murderers, born-again Christians and teetotallers, stadium-touring billionaires and toilet-circuit journeymen. Award-winning comedian and life-long heavy metal obsessive Andrew O'Neill has performed his *History of Heavy Metal* comedy show to a huge range of audiences, from the teenage metalheads of Download festival to the broadsheet-reading theatre-goers of the Edinburgh Fringe. Now, in his first book, he takes us on his own very personal and hilarious journey through the history of the music, the subculture, and the characters who shaped this most misunderstood genre of music.

Featuring a wealth of new interviews with the genre's most central figures, *Black Metal: Evolution of the Cult* offers the most comprehensive guide yet to the most controversial form of extreme metal. From the pioneers of the early '80s to its fiery rebirth in Scandinavia through to today's diverse groups, this epic analysis captures the movement's development in unparalleled depth.
