Five of today's most provocative authors invite you into a realm beyond the limits of your sensual imagination, where anything can happen—and does. In these stories of bloodlust and payback, of scorching desire and otherworldly fantasies come true, you'll encounter five women who thought they had it all, until a betrayal takes them on a feverish journey to the dark edge of vengeance. Fueled by lust and deception, these women are going to let their voracious appetites guide them as they take justice into their own hands....

Chrystianna is a woman torn. Her heart is with, Fabian, the man who swept her off her feet the moment she met him one night at a club. She wants to be with him at all costs, but is fearful of Prophet, the man that she has been with since high school, who is also the father of her two-year-old twins. Prophet has beaten her mentally and physically and she is terrified to leave him. That is until an incident in her home forces her to make a drastic decision. Fabian is the type of man who gets whatever he wants and, right now, he wants Chrystianna and won't stop until he has her. He's ready to wage war against Prophet in order to make Chrystianna his but is she ready to leave the past for a future with the man of her dreams? Magic has been friends with Chrystianna since tenth grade. The two have a bond that is super tight but one secret could ruin it all: Magic has been sleeping with Prophet off and on for years and may even have kids with him. When all of her lies and secrets begin to surface, her life changes in ways that no one would ever see coming. A familiar face comes in and makes her realize that all she has to do is open

up and love herself, but will it be too late to right her wrongs? Prophet is a man with more issues than Vogue. He beats and cheats on Chrystianna with her best friend and others. Plus, he has secrets that threaten everything around him. From his heroin use, to his down-low sex life, Prophet has so much to lose if exposed. He has done a good job at hiding his double life, until a fiasco erupts right at his doorstep. Will he survive? Or will he be outed to everyone around him? Follow the lives of these individuals as they are all intertwined in some way. Lies, deceit and broken promises all threaten to do damage to everyone's lives in part one of this heart-pounding trilogy.

Imagine you were 13 year old Billy....waking up to find your family has disappeared. Would you be happy? Billy was! No more annoying little sister. NO MORE RULES!! But as the day goes on, Billy realises there is something very wrong in his town. Can Billy save his family and friends before they suffer a horrible ending ?

Now they both must pull together before it's too late; to either bow at Dragon Eddie's feet, or join sides to take him down and collect their dues. What the both of them seem to forget is that this is not Eddie's first pistol showdown at dawn, and neither is it the first time that someone has threatened to take away what is most precious to him. When the smoke clears, it's hard to tell who's still standing in this old school versus new school battle. If it is the more experienced man who has seen and done all there is to see and do, who wins. If it's the newcomer who is full of vigor and short of mercy, who wins. It would be nothing short of a pity and a shame if lovesick Cara Mia is caught in the middle and meets an early fate, all in the name of love and peace. That's what you get when you're obsessed with a savage and the sworn enemy of your own father. You're introduced to more troubles than you can bear, and you're

facing a loaded barrel held in the hand of your own father.

The Sequel To Creepin On the Come Up!

The drama continues as this group of friends learn to navigate through life. They all have their own lives with their own share of drama. With Prophet still around, will Chrystianna and Magic ever be free from his control? Will everyone be as forgiving of Magic and her past, or will she still be the odd man out? What happens when a major part of Dreaux's life shows up in his kitchen? How will Tiana cope? What happens when she has her own surprises as well? There is more drama, tears and happiness in the continuing love story that started with Creepin' Around?

Just when Mia decided she didn't want to creep any longer, Tre throws her a curveball. Will Tre's actions force Mia in a different direction? Will Mia fall for a new love interest or will she fight for her first love? Mia isn't the only one at a crossroad. Tanya is the woman who holds Von's heart, but Cheryl plays the game well and proves to be a distraction. Will Von choose wisely? Still trying to juggle raising her kids and the street life, Moonie is hit with a sudden wake up call. Will Moonie grow up and be responsible for her actions or will the streets of New Orleans continue to call her name? With old enemies lurking and new enemies scheming, Tre's plate is full. Will Tre allow these drawbacks to get in the way of the relationship he wants with Mia or will he continue creepin'?

That is until her new love interest crept into her heart and into her bed. As lies, deceit, and jealousy are creepin' into Mia's life, will her secret affair shatter the relationship that she cherished so much or will she continue creepin'.
