Marking the return of many characters from Gardens of the Moon and introducing a host of remarkable new players, Memories of Ice is both a momentous new chapter in Steven Erikson's magnificent epic fantasy and a triumph of storytelling. The ravaged continent of Genabackis has given birth to a terrifying new empire: the Pannion Domin. Like a tide of corrupted blood, it seethes across the land, devouring all. In its path stands an uneasy alliance: Onearm's army and Whiskeyjack's Bridgeburners alongside their enemies of old--the forces of the Warlord Caladan Brood, Anomander Rake and his Tiste Andii mages, and the Rhivi people of the plains. But ancient undead clans are also gathering; the T'lan Imass have risen. For it would seem something altogether darker and more malign threatens this world. Rumors abound that the Crippled God is now unchained and intent on a terrible revenge. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

After decades of internecine warfare, the tribes of the Tiste Edur have at last united under the Warlock King of the Hiroth. There is peace--but it has been exacted at a terrible price: a pact made with a hidden power whose motives are at best suspect, at worst, deadly. To the south, the expansionist kingdom of Lether, eager to fulfill its long-prophesized renaissance as an Empire reborn, has envied all its less-civilized neighbors with rapacious hunger. All, that is, save one--the Tiste Edur. And it must be only a matter of time before they too fall--either beneath the suffocating weight of gold, or by slaughter at the edge of a sword. Or so destiny has decreed. Yet as the two sides gather for a pivotal treaty neither truly wants, ancient forces are awakening. For the impending struggle between these two peoples is but a pale reflection of a far more profound, primal battle--a confrontation with the still-raw wound of an old betrayal and the craving for revenge at its seething heart. Vast legions of gods, mages, humans, dragons and all manner of creatures play out the fate of the Malazan Empire in this first book in a major epic fantasy series The Malazan Empire simmers with discontent, bled dry by interminable warfare, bitter infighting and bloody confrontations with the formidable Anomander Rake and his Tiste Andii, ancient and implacable sorcerers. Even the imperial legions, long inured to the bloodshed, yearn for some respite. Yet Empress Laseen's rule remains absolute, enforced by her dread Claw assassins. For Sergeant Whiskeyjack and his squad of Bridgeburners, and for Tattersail, surviving cadre mage of the Second Legion, the aftermath of the siege of Pale should have been a time to mourn the many dead. But Darujhistan, last of the Free Cities of Genabackis, yet holds out. It is to this ancient citadel that Laseen turns her predatory gaze. However, it would appear that the Empire is not alone in this great game. Sinister, shadowbound forces are gathering as the gods themselves prepare to play their hand... Conceived and written on a panoramic scale, Gardens of the Moon is epic fantasy of the highest order--an enthralling adventure by an outstanding new voice. Best selling author Steven Erikson returns with the latest in the morbid history of the Malazan Empire In Northern Genabackis, a raiding party of savage tribal warriors descends from the mountains into the southern flatlands. Their intention is to wreak havoc amongst the despised lowlanders, but for the one named Karsa Orlong it marks the beginning of what will prove to be an extraordinary destiny. Some years later, it is the aftermath of the Chain of Dogs. Tavore, the Adjunct to the Empress, has arrived in the last remaining Malazan stronghold of Seven Cities. New to command, she must hone twelve thousand soldiers, mostly raw recruits but for a handful of veterans of Coltaine's legendary march, into a force capable of challenging the massed hordes of Sha'ik's Whirlwind who lie in wait in the heart of the Holy Desert. But waiting is never easy. The seer's warlords are locked into a power struggle that threatens the very soul of the rebellion, while Sha'ik herself suffers, haunted by the knowledge of her nemesis: her own sister, Tavore. And so begins this awesome new chapter in Steven Erikson's acclaimed Malazan Book of the Fallen. . . . Drawing on events touched on in the prologue of Steven Erikson's landmark fantasy Gardens of the Moon: A Malazan Book of the Fallen, Night of Knives is the first in Ian C. Esslemont's Novels of the Malazn Empire series--a momentous chapter in the unfolding story of the extraordinarily imagined world of Malaz. The small island of Malaz and its city gave the great empire its name, but now it is little more than a sleepy, backwater port. Tonight, however, things are different. Tonight the city is on edge, a hive of hurried, sometimes violent activity; its citizens bustle about, barring doors, shuttering windows, avoiding any stranger's stare. Because tonight there is to be a convergence, the once-in-a-generation appearance of a Shadow Moon--an occasion that threatens the good people of Malaz with demon hounds and other, darker things... It was also prophesied that this night would witness the return of Emperor Kellanved, and there are those prepared to do anything to prevent this happening. As factions within the greater Empire draw up battle lines over the imperial throne, the Shadow Moon summons a far more ancient and potent presence for an all-out assault upon the island. Witnessing these cataclysmic events are Kiska, a young girl who yearns to flee the constraints of the city, and Temper, a grizzled, battle-weary veteran who seeks simply to escape his past. Each is to play a part in a conflict that will not only determine the fate of Malaz City, but also of the world beyond...
