Note: This is for the 5th edition book, the 6th edition is now available. If you'd like to order this item please contact us at 800-727-3327. Contains materials needed to teach a course in conjunction with Essentials of Firefighting and Fire Department Operations, 5th Ed. The materials were created using the basic feat

This version includes all 21 chapters of Essentials of Fire Fighting, 6th Edition and adds three chapters written and validated to meet the emergency medical and hazardous materials requirements of NFPA® 1001, 2013 Edition. Chapter 22 specifically addresses the Firefighter I and Firefighter II knowledge and skills requirements for the emergency medical care competencies identified in NFPA® 1001, 2013 Edition Chapter 4. Chapters 23 and 24 meet the First Responder Awareness and Operations Levels for Responders according to NFPA® 472: Standard for Competence of Responders to Hazardous Materials/Weapons of Mass Destruction Incidents, 2012 Edition and OSHA 1910.120. The chapters also provide validated content to meet Section 6.6, Mission-Specific Competencies: Product Control, of NFPA® 472. The hazardous materials information is adapted from the IFSTA Hazardous Materials for First Responders, 4th Edition.

This guide follows Performance Training Systems, Inc.'s Systematic Approach to Examination Preparation, which teaches test-taking strategies and includes the same type of multiple-choice questions you are likely to encounter on the actual exam.

"The 6th edition is completely revised for today's firefighters and begins the next 35 years of excellence for the manual and for the firefighters who use it. The 6th edition contains all the information and skills needed to meet the requirements for NFPA® 1001: Standard for Fire Fighter Professional Qualifications, 2013 Edition. This manual includes: all new learning objectives, key terms noted in boxes in the margins of each chapter, case histories, and all new review questions in each chapter designed to enhance a student's understanding. The content is presented in a single column format proven most effective for reading comprehension for adult learners. Warnings, Cautions, and Safety Alerts emphasize safety at all times for new firefighters mastering basic skills. Skill sheets show safe methods for performing each firefighter skill. Each chapter clearly delineates Fire Fighter I knowledge and skills from Fire Fighter II addressing each in separate sections of the chapters. Photographs are enhanced with graphics, all illustrations are new and improved there are additional tables to make content more relevant for visual learners. Appendix A is a correlation matrix for all NFPA® 1001 JPRs referenced to page numbers for each knowledge and skill requirement."

Online Library Essentials Firefighting 5th Edition Online

Designed for use within courses based on the Fire and Emergency Services Higher Education (FESHE) Occupational Safety and Health for Emergency Services model curriculum, Occupational Safety and Health in the Emergency Services, Fifth Edition provides a comprehensive overview of the many components of occupational safety and health for the emergency services.

Updated and revised, The Essentials of Computer Organization and Architecture, Third Edition is a comprehensive resource that addresses all of the necessary organization and architecture topics, yet is appropriate for the one-term course.

The 4th edition of Fire and Emergency Services Company Officer provides emergency services personnel with information necessary to meet the JPRs of NFPAr 1021, Standard for Fire Officer Professional Qualifications for level I and II fire officers. The manual presents information specific to the duties of first-line supervisors and midlevel managers . The information in this manual provides officer candidates and current officers with supervisory and managerial knowledge for developing successful leadership and administrative skills.

Formerly known as the Study Guide, the Exam Prep provides a self-study student resource for certification level Firefighter I & II. The review materials are color coded and divided into certification levels I & II. Page references to the Essentials of Fire Fighting text are provided to assist with review and remediation.
