Two expanding interstellar powers are about to meet in battle. After the collapse of the Cephalopod Kingdom, humanity claimed the three hundred rebellious worlds they left behind. But many light years away on the far side of disputed region, a rival power has begun to move. They're stealing our planets, one at a time.Earth Command decides to invade the center of the frontier to set up an advanced base. The mission to DARK WORLD is highly classified and deadly. Legion Varus spearhead's the effort, and James McGill journeys to the stars again.How many ships do they have? How advanced is their tech? No one knows, but the campaign takes an unexpected turn immediately. What was supposed to be a snatch-and-grab turns into a bloodbath. McGill dies over and over again, but some battles must be won, even if it means perma-death.DARK WORLD is the ninth book in the Undying Mercenaries Series.

A retired group of legendary mercenaries get the band back together for one last impossible mission in this award-winning debut epic fantasy. "Fantastic, funny, ferocious." - Sam Sykes Clay Cooper and his band were once the best of the best, the most feared and renowned crew of mercenaries this side of the Heartwyld. Their glory days long past, the mercs have grown apart and grown old, fat, drunk, or a combination of the three. Then an ex-bandmate turns up at Clay's door with a plea for help--the kind of mission that only the very brave or the very stupid would sign up for. It's time to get the band back together. "You Can't Be Too Careful" is a novel written by H. G. Wells and first published in 1941. Herbert George Wells (1866 - 1946) was a prolific English writer who wrote in a variety of genres, including the novel, politics, history, and social commentary. Today, he is perhaps best remembered for his contributions to the science fiction genre thanks to such novels as "The Time Machine" (1895), "The Invisible Man" (1897), and "The War of the Worlds" (1898). "The Father of Science Fiction" was also a staunch socialist, and his later works are increasingly political and didactic. Although never a winner, Wells was nominated for the Nobel Prize in Literature a total of four times within his lifetime. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this book now in an affordable, modern, high-quality edition complete with a specially commissioned new biography of the author.

Two ships launch, but only one can come home with the prize-and no one suspects what they'll find when they get out there.On June 30, 1908 an object fell from the sky releasing more energy than a thousand Hiroshima bombs. A Siberian forest was flattened, but the strike left no significant crater. The anomaly came to be known as the Tunguska Event, and scientists have never agreed whether it was the largest meteor strike in recorded history-or something else.Alien Artifacts have been uncovered since the 1908 event, and a new star drive is discovered. When another, larger Artifact is detected orbiting Jupiter, both NASA and the Russian Federal Space Agency are determined to beat all rivals to the next treasure trove of alien tech.

A novel of military science fiction telling the story of Earth's annexation by an alien empire. Long considered a primitive people on a backwater planet, humanity finds itself in the middle of a war, and faced with extinction.

A liste of recommended readings for children, intended for home use and arranged by age, not school grade. Included in the list are fairy tales that are free from horrible happenings. Omitted are all writings which tolerate cruelty or unkindness to animals.

In his quest for total domination, Darth Sidious compiled six legendary dark side texts detailing Sith history and philosophy by Sorzus Syn, Darth Malgus, Darth Bane, Mother Talzin, Darth Plagueis, and himself. Together these documents form the Book of Sith. Over the centuries, the texts were passed among Force users who left handwritten notes and annotations in the margins, including Darth Vader, Yoda, Mace Windu, and Luke Skywalker, among others. Collected by acclaimed Star Wars writer Daniel Wallace and embellished by numerous esteemed Star Wars illustrators, this volume introduces new characters and history, and delves deeper into understanding the philosophies and methods behind the dark side of the Force.

Ten thousand years ago, a single alien super-ship survived a desperate battle. The vessel's dying crew set the AI on automatic to defend the smashed rubble of their planet. Legend has it the faithful ship continues to patrol the empty battlefield, obeying its last order throughout the lonely centuries.In the here and now, Earth needs a miracle. Out of the Beyond invade the New Men, stronger, faster and smarter than the old. Their superior warships and advanced technology destroy every fleet sent to stop them. Their spies have infiltrated the government and traitors plague Earth's military. Captain Maddox of Star Watch Intelligence wonders if the ancient legend could be true. Would such an old starship be able to face the technology of the New Men? On the run from killers, Maddox searches for a group of talented misfits. He seeks Keith Maker, a drunken ex-strikefighter ace, Doctor Dana Rich the clone thief stuck on a prison planet and Lieutenant Valerie Noonan, the only person to have faced the New Men in battle and survived to tell about it. Maddox has to find a place hidden in the Beyond and bring back a ship no one can enter. If he fails, the New Men will replace the old. If he succeeds, humanity might just have a fighting chance...

They say the Earth is just a myth. Something to tell your children when you put them to sleep, the lost homeworld of humanity. Everyone knows it isn't real, though. It can't be. But when Captain Jace Hughes encounters a nun with a mysterious piece of cargo and a bold secret, he soon discovers that everything he thought he knew about Earth is wrong. So very, very wrong. Climb aboard The Renegade Star and assemble a crew, follow the clues, uncover the truth, and most importantly, try to stay alive. Experience the beginning of a sprawling galactic tale in this first entry to The Renegade Star series. If you're a fan of Firefly, Battlestar Galactica, or Indiana Jones, you'll love this epic, space opera thrill ride. Warning: This book contains action, cursing, and general badassery. Read at your own risk.
