Parachute cord, which is now universally known as paracord, is a lightweight nylon rope originally used by paratroopers during World War II. It is now employed as a general purpose utility cord by military personnel and civilians alike. Paracord is an ideal material for making whips, for example, due to its durability and flexibility. Hikers and other outdoor enthusiasts have made “ survival bracelets ” from paracord, which are meant to be unraveled when needed to secure cargo, lash together poles, and fix broken straps and laces. As more colors become available, crafters are discovering that paracord makes an excellent material for fun and stylish friendship bracelets, lanyards, belts, dog leashes, key chains, and more. Originating from Instructables, a popular project-based community made up of all sorts of people with a desire to pass on their wisdom to others, Practical Paracord Projects contains ideas from a number of authors who show just how easy it is to make virtually anything from paracord. Practical Paracord Projects provides step-by-step instructions on a variety of useful and fun objects involving paracord. Guided by detailed photographs, the reader will create such practical and unusual projects as: A laptop harness A can koozie An eyeglass lanyard A hanging chair Sandals A leatherman pouch And much more!

Paracord: (FREE Bonus Included) Survival Bracelets, Lanyards, Dog Leashes, and Other Useful Things You Can Make Yourself You may not have heard of the term paracord. It is literally the cords from the parachutes used in the Second World War. These cords were designed to take an impressive amount of strain considering the smallness of the cord. In fact, their strength is generated from the fact that there are several strands inside the sheath, it will still function extremely well even if some of strands are broken. The strands can be separated from the whole to add length or be used for finer tasks; making the cord incredible versatile. Paracord is commonly used now to make a variety of items. Some of these may appear to be purely decorative, but all of these items can be converted into cord, this can make all the difference in a survival situation. This book will introduce you to paracord and what you can make, even if you have never used this product before, it covers: What is Paracord and a brief history of the product Tools & materials needed Making a survival bracelet Uses for a survival bracelet Making a Lanyard Making a dog leash Types of knot and other item which can be made.
