Stripped is about the broken and surrendered life, about understanding the stripping process that must take place for sold out Christians to be used by God to build His kingdom. In it you will: Be equipped to endure the stripping process Learn what must be stripped from the Christian's life Be inspired by Biblical and real life examples who were victoriously stripped

After your faith has fractured, let what takes its place be the real thing . . . at last. Somewhere along the way, the Christianity you knew began to crumble. You began to suspect your faith was misplaced. Disillusionment set in. Churches hurt you. Their people failed you. Christian institutions were exposed as fake. And in it all, God was silent. Is He gone? Or is God really there, waiting for you to find Him instead of the counterfeits? If you're walking this difficult spiritual path, Lina Abujamra understands you. After experiencing the near deconstruction of her own faith, Lina had to rebuild something more solid when the faith she once knew let her down. With her diagnostic style that comes from her training as an ER doc, Lina

Why is it so hard for Christians to love? Let Fractured Faith help you find your way back to God. You just might discover that the real God has been waiting for you all along.

the news business, a backwater of male chauvinism where a woman might be lucky to get a foothold on the “women’s pages.” But when a pioneering nonprofit called National Public Radio came along in the 1970s, and the door to serious journalism opened a crack, four remarkable women came along and blew it off the hinges. Susan, Linda, Nina, and Cokie is journalist Lisa Napoli’s captivating account of these four women, their deep and enduring friendships, and the trail they blazed to becoming icons. They had radically different stories. Cokie Roberts was born into a political dynasty, roamed the halls of Congress as a child, and felt a tug toward public service. Susan Stamberg, who had lived in India with her husband

who worked for the State Department, was the first woman to anchor a nightly news program and pressed for accommodations to balance work and home life. Linda Wertheimer, the daughter of shopkeepers in New Mexico, fought her way to a scholarship and a spot on-air. And Nina Totenberg, the network's legal affairs correspondent, invented a new way to cover the Supreme Court. Based on extensive interviews and calling on the author's deep connections in news and public radio, Susan, Linda, Nina, and Cokie will be as beguiling and sharp as its formidable subjects.
