This manual of program plans is designed to increase direct patient/client care time by providing a selection of programs with a proven track record. All plans were developed and initially implemented with older adults in a long-term care setting. The content of each plan can be applied to any age group. These plans are designed so that recreation facilitators can implement these programs with ease and meet therapeutic needs safely. Each plan has easy-to-read headings that provide quick reference to the concepts behind the plan, preparation, and implementation, as well as specific adaptations the author has tested. General guidelines for each plan are presented, including activity preparation, implementation, modifications, and safety concerns. There is also a Tips and Tricks section that shares budgetary and manpower secrets.

This is a book about a great man, an unbeaten boxing coach who in his lifetime nurtured three heavyweight world champions—a feat no one is capable of repeating nowadays. Cus D'Amato - the book is about him. The legend whose triumph is absolute, and requires no unnecessary comment and third-party consent. Here is a complete guide to the skill and tools needed to get a fundamental insight of D'Amato's system, psychology and philosophy. This book will be useful for anybody who is striving for self-perfection and seeking an effective lifestyle methodology of a champion, not only in boxing. Cus D'Amato didn't become phenomenal at birth. He used to say that a human being is not born as the finest, but he becomes truly outstanding through persistent and heavy work! This book is the crowning jewel of Oleg Maltsev's 20 years of research, a shining piece of collaboration created in New York together with a disciple of the legendary Cus: Tom Patti.

NATIONAL BESTSELLER "Lichtman has written what may be the most important book of the year." -The Hill "It is still striking to see the full argument unfold and realize that you don't have to be a zealot to imagine some version of it happening...Lies. Abuse of power. Treason. Crimes against humanity. Martial law. Lichtman throws everything Trump's way.." -Washington Post Professor Allan J. Lichtman, who has correctly forecasted thirty years of presidential outcomes, makes the case for impeaching the 45th president of the United States, Donald J. Trump In the fall of 2016, Distinguished Professor of History at American University Allan J. Lichtman made headlines when he predicted that Donald J. Trump would defeat the heavily favored Democrat, Hillary Clinton, to win the presidential election. Now, in clear, nonpartisan terms, Lichtman lays out the reasons Congress could remove Trump from the Oval Office: his ties to Russia before and after the election, the complicated financial conflicts of interest at home and abroad, and his abuse of executive authority. The Case for Impeachment also offers a fascinating look at presidential impeachments throughout American history, including the often-overlooked story of Andrew Johnson's impeachment, details about Richard Nixon's resignation, and Bill Clinton's hearings. Lichtman shows how Trump exhibits many of the flaws (and more) that have doomed past presidents. As the Nixon Administration dismissed the reporting of Bob Woodward and Carl Bernstein as "character assassination" and "a vicious abuse of the journalistic process," Trump has attacked the "dishonest media," claiming, "the press should be ashamed of themselves." Historians, legal scholars, and politicians alike agree: we are in politically uncharted waters—the durability of our institutions is being undermined and the public's confidence in them is eroding, threatening American democracy itself. Most citizens—politics aside—want to know where the country is headed. Lichtman argues, with clarity and power, that for Donald Trump's presidency, smoke has become fire.

Organised in a step-by-step format, this book thoroughly reviews the fundamentals of research methods, developing the skills needed to carry out a small-scale research investigation. This third edition introduces a number of new features within each chapter, including self-tests, questions designed to jump start one's own research, and practice and web-related exercises. Likewise, the revised instructor's manual includes new chapter figures plus a study guide review cast in a Jeopardy-style game format.

Barry Joe McDonagh ("Joe Barry"), a native of Ireland, developed his anti-anxiety plan while studying at the University College of Dublin (UCD). His thoughts on anxiety and panic disorders were first published in 2001. Based on hard science and years of experience helping people who suffer from anxiety, Barry McDonagh has perfected the way to overcome anxiety and get people back to living life to the fullest. You will not only learn how to end your anxiety problem, but you will also discover how to turn this problem into personal triumph. Barry says " I teach people how to heal their anxiety so they can get back to living their life again to the fullest."
