ride! This book is an eLive book, meaning each printed copy contains a special code redeemable for the free download of the audio book version of the book.

They ran across the shining sand the Pacific thundering its long surge at their backs and when they gained the roadway leaped upon bicycles and dived at faster pace into the green avenues of the park.

“ A masterful piece of reporting . . . Reitman tells a spellbinding story of a larger-than-life personality whose quirks, ticks and charisma shaped America ’ s newest homegrown religious movement. ” — Washington Post Scientology is known for its celebrity believers and its team of “ volunteer ministers ” at disaster sites such as the World Trade Center; its notably aggressive response to criticism or its attacks on psychiatry; its requirement that believers pay as much as hundreds of thousands of dollars to reach the highest levels of salvation. But for all its notoriety, Scientology has remained America ’ s least understood new religion, even as it has been one of its most successful. Now Janet Reitman tells its riveting full story in the first objective modern history of Scientology, at last revealing the astonishing truth about life within the controversial religion for its members and ex-members. Based on five years of research, confidential documents, and extensive interviews with current and former Scientologists, this is an utterly compelling work of nonfiction and the defining work on an elusive faith. “ A meticulously researched history and revealing expos é , a frightening portrait of a religion that many find not just controversial, but dangerous. ” — Boston Globe “ This book is fearless. ” — Wall Street Journal A New York Times Notable Book Amazon.com Best Books of 2011, Nonfiction San Francisco Chronicle Top Ten of 2011

Jack London's own account of a far - reaching voyage, from daily life on the boat to the stories of native encounters and marauder assaults Inspired by the examples of his heroes Melville, Stevenson, and Joshua Slocum, Jack London determined to sail around the world. In April 1907 he sailed from San Francisco in the forty-five-foot ketch Snark, with his wife, Charmian, a skeleton crew, and his writing to keep him company. Beset by seasickness and tropical disease, London wrote incessantly--not only his autobiographical novel Martin Eden and numerous short stories, but also a series of sketches recording the voyage itself. These entertaining sketches, collected together into the book he called The Cruise of the Snark, reveal London's indefatigable spirit and love of adventure at sea and among the Pacific islands. This new edition of Jack London's adventure classic includes an illuminating Introduction and Notes by R.D. Madison, as well as London's delightful sea pieces 'That Dead Men Rise Up Never' and 'The Joy of Small-Boat Sailing.' Edited with an Introduction and Notes by R. D. MADISON

In this exuberantly praised book - a collection of seven pieces on subjects ranging from television to tennis, from the Illinois State Fair to the films of David Lynch, from postmodern literary theory to the supposed fun of traveling aboard a Caribbean luxury cruiseliner - David Foster Wallace brings to nonfiction the same curiosity, hilarity, and exhilarating verbal facility that has delighted readers of his fiction, including the bestselling Infinite Jest.

Read PDF The Cruise Of The Rolling Junk

New York Times bestselling author Mira Grant, author of the renowned Newsflesh series, returns with a novel that takes us to a new world of ancient mysteries and mythological dangers come to life. The ocean is home to many myths, But some are deadly. . . Seven years ago the Atargatis set off on a voyage to the Mariana Trench to film a mockumentary bringing to life ancient sea creatures of legend. It was lost at sea with all hands. Some have called it a hoax; others have called it a tragedy. Now a new crew has been assembled. But this time they're not out to entertain. Some seek to validate their life's work. Some seek the greatest hunt of all. Some seek the truth. But for the ambitious young scientist Victoria Stewart this is a voyage to uncover the fate of the sister she lost. Whatever the truth may be, it will only be found below the waves. But the secrets of the deep come with a price.
